

## Mini-Core Module

CalSCHLS developed the Mini-Core Module to better support districts in meeting their annual LCAP data collection needs. **Districts that administer the CHKS every year may choose to administer this Mini-Core the year AFTER they have administered the complete Core Module.** CDE requires districts to administer the CORE Module every other year. Alternating the CHKS Core with the Mini-Core offers districts flexibility for their LCAP needs while maintaining the integrity of the longitudinal district, county, and statewide CHKS data system.

This survey asks about your behavior, experiences, and attitudes related to your school, health, and well-being. It includes questions about use of alcohol, tobacco, and other drugs, and about bullying and violence.

Some questions may be about things you have not done or experienced, but your answers will be very helpful in improving school and health programs. Please answer all questions, whether or not you have done or experienced any of these things.

Please mark all of your answers on the answer sheet. Fill in the bubbles neatly with a pencil. Do not write on the questionnaire. Mark only one answer unless told to ***“Mark All That Apply.”***
